Ottawa's Departmental Store

Established in 1870

1920 Golden Jubilee Year

FROM a small beginning in 1870, Bryson-Graham, Limited, has steadily advanced to a position of premier importance in the life of Ottawa.

Based on the principle of service, and determination to give satisfaction to each and everyone of the community to which it looks for patronage, the limited scope of the business in 1870 has grown to an all-embracing extent.

To-day, the store consists of numerous departments carrying stocks from which all the personal and home needs of a well developed community may be supplied.

The keynote of this gratifying success is simply and solely the rigid adherence to the principles of being of service and the giving of absolute satisfaction.

The story of Ottawa from 1867 down to the present date is the story of the growth of a great National Capital. When it is realized that the annual pay list of the Government to its servants who live in Ottawa is $12,000,000, and that this sum is paid out to 12,000 people who spend the most of it in Ottawa, an answer is given at once to the question—why is Ottawa always prosperous from a merchants' standpoint.

WATER POWER.

From industrial and commercial standpoints, Ottawa to-day stands in the front rank. She offers a combination of greater advantages and economic facilities than any other City in the Dominion. Ottawa has the cheapest power and light in Canada, and the consumption of power is about 75,000 H.P. when required and operated in the very heart of the City. Within 50 miles of Ottawa there is available 1,000,000 hydraulic H.P. low water estimate.

EDDY MATCHES

The Best Your Money Can Buy

All over Canada the name "Eddy" is rightly regarded as a guarantee of safe, sure and satisfactory matches.

If you merely ask your dealer for "matches" you may get good matches, and again you may not. The one way to assure yourself getting the best always is to specifically ask for "Eddy's" by name.

For if the name on the outside is "Eddy" the matches inside are good.

Next time you are buying matches ask your dealer to show you Eddy's Indurated Fibreware Utensils. Lighter than wood and more durable than metal, they never bulge, warp or leak.

In History—

back through the ages we find that the one outstanding and successful method of conveying a communication to the people was through the offices of a courier who carried the message direct to those whom it was intended to reach.

History Repeats Itself

for modern practices have not discovered a better method by which to reach your prospects than by

DIRECT MAIL ADVERTISING

Your message is distributed by the Postman, who has access everywhere, and you reach only those definite prospects who will be interested in your service. You pay only for your exact circulation—no more, no less.

Our Mailing Lists cover all Trades, Professions, Automobile Owners, Farmers and Rural Residents, Selected Residents, etc., and offer you a solution to all your advertising problems.

Our Modern Plant includes Printing, Multigraphing fac-simile Typewritten Letters, Dermatyping, Addressing, Folding, Enclosing and Mailing, and can greatly facilitate this work for you.

MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

THE RETURN CIRCUIT IN ADVERTISING

The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

CREATIVE ADVERTISING in Newspapers, Magazines, Billboards, etc., tends to suggest wants and to create desire.

Before a Sale results the Initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

THIS DIRECTORY is a Logical Place to look, and this Reference Advertising makes Sales and prevents Substitution. It is the Connecting Link Between all your Advertising and the Buyer.

Have You Made it Easy for Buyers to Find YOU?
